As a professional security company Essex security solutions are subject to a series of independent audits through the year to ensure that we continue to comply with the highest operating standards in the industry. As members of the Security Industry Authority Approved Contractor Scheme, we were also part of ISO 9001 (2008) accreditation. An ISO 9001 (2015) as a business quality management standard designed to help organizations ensure that they meet the needs of customers and other stakeholders while meeting statutory and regulatory requirements related to the product or service they deliver.

## Welcome - Director- M Ali Qasir

The company faces challenging trading conditions as clients try to find the most cost effective solutions to their individual security requirements but I can assure you that we have already planned for this and are ready to meet them. Lastly, Christmas will soon be upon us and I would like to take this opportunity, on behalf of myself and all my fellow Directors, to wish each and every one of you, and your families, a very Merry Christmas and a Happy New Year.

## News Updates from Compliance and Operations team- Mudassar Ali

Christmas and New year is upon us. We need staff not to take unnecessary holidays till December. Staff needs to book on and off by calling our control room number. Failing to do so can cause confusion and disappointment in some cases when it comes to provision of high standards of services to our clients.

## Employee of the Quarter:

Essex security solutions ltd will be having an award of Employee of the quarter. We are more than pleased to announce our very first employee of the quarter , **Mr Dada Fluronsho**. Mr Dada has gained much praise from Burger King Harlesden and Manager of BK have requested to ESS management for Dada on many occasions. Workman ship of Dada Fluronsho has left longer lasting impressions on store management  
Employee of the quarter will be awarded with gift voucher of **£30**.

## Travel Safely During the Winter Months:

With the recent hurricane force winds and severe rainfall experienced across the South of the country it's time to consider how we can all stay safe through the winter months whether we're walking, driving or using public transport. Consider following these tips and always remember one golden rule. It's better to be safe than sorry. Always check public transport timetables the day before you want to use a bus or a train. If you can, cover the windscreen and rear window of your car Get up at least 10 minutes early to give you time to prepare the car. Don't drive off with a tiny hole cleared in the windscreen. Clear all windows using a scraper and de-icer. Use a cigarette lighter to warm a key for a frozen lock. Don't breathe on the lock, as the moisture will condense and freeze. Make sure that your anti-freeze and windscreen washer fluid levels are topped up and ensure your tyres are at the correct pressures. Plan routes to favour major roads which are more likely to have been cleared and gritted.
